The application has been amended as follows to circumvent potential 35 USC 101 issues in reference to new policies:

25 (currently amended). Apparatus including a processor to facilitate an evaluation of driving metrics for a selected goal metric, the apparatus comprising:

means for gathering data to define a plurality of interrelated metrics associated with the business process;

means for creating a plurality of models based on the data, each of the plurality of models corresponding to one of the plurality of interrelated metrics;

means for performing a non-linear optimization for each of the plurality of models to adjust the primary coefficients and exponents to minimize the difference between an estimated value and a goal value for the selected goal metric; and

means for running a back-substitution routine to define the selected goal metric in terms of the substantially smallest to the substantially largest of the selected driving metrics to combine the results of the non-linear optimization for each of the plurality of models to produce a summary which describes a hierarchy of selected driving metrics for the selected goal metric.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: the closest prior art reference of record is the publications reference to El Alta. However, the

reference does not teach or suggest the features of performing non-linear optimization for each of the plurality of models to adjust the primary coefficients and exponents to minimize the difference between an estimated value and a goal value for the selected goal metric and running a back substitution routine to define the selected goal metric in terms of the substantially smallest to the substantially largest of the selected driving metrics.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
